SEAN MCCAFFERTY, M.D., FACS, MS  
CHIEF EXECUTIVE OFFICER  
CATS TONOMETER, LLC

As chief executive officer of CATS Tonometer, Dr. Sean McCafferty has made it his life's work to bring innovation to the ophthalmic industry that significantly improve the diagnosis and positive outcomes for patients with ocular diseases, such as glaucoma.

With an undergraduate degree in mechanical engineering from Youngstown State University, McCafferty holds a Master of Science in optical engineering from the University of Arizona (where he completed an ophthalmology residency) and a medical degree from Ohio State University. He is currently a practicing ophthalmologist.

His depth of mechanical and optical engineering coupled with ophthalmology expertise has enabled him to create the next-generation tonometry prism to measure intraocular eye pressure (IOP) with an immediate 94% increased accuracy based on scientific studies.\* The CATS Tonometer™ Reusable Prism received FDA approval in March 2018 and will be available to eye care professionals in the fall of 2019.

McCafferty received the 2017 Alumnus of the Year in the College of Optical Sciences at the University of Arizona and has founded successful enterprises including Arizona Eye Consultants, Camp Lowell Surgery Center, Carondelet Foothills Surgery Center and Intuor Technologies. In addition, he carries 10 patents and published patent applications focused on ophthalmic opto-mechanics.

NANNON ROOSA, PMP, CPA, CMPE  
PRESIDENT  
CATS TONOMETER

Nannon Roosa is the President for CATS Tonometer. Her responsibilities include guiding the growth, operations, and success of the company's ophthalmic industry innovations, which significantly improve the diagnosis and positive outcomes for patients with ocular diseases, such as glaucoma.

Roosa brings 25 years of client service, project management, strategic planning, intellectual property and business development expertise to the company and is a former worked with PricewaterhouseCoopers, KPMG and Clifton Gunderson.

Prior to joining CATS Tonometer, she served as the University of Arizona's director for MBA Experiential Learning where she led the MBA consulting program. Under her tenure, she directed 97 successful projects for clients in the technology and healthcare sectors.

Roosa is also Good Clinical Practice trained and monitors activities related to scientific studies. She is a Project Management Professional, Certified Public Accountant, and has received Certified Medical Practice Executive designation from the Medical Group Management Association.

She earned a Bachelor of Science in business administration with a major in accounting from the University of Tennessee and a master's degree in tax from the University of Texas at San Antonio.

**SCOTT HECK**  
**SALES AND DISTRIBUTION DIRECTOR**  
**CATS TONOMETER**

Scott Heck has more than 25 years of high-level and diverse experience in the eye care distribution field. He brings to the company expertise in medical device manufacturing, product management, business development, sales, marketing and finance.

At CATS Tonometer he is responsible for negotiating domestic and international sales and distribution contracts.

Most recently, Heck was director of operations at Wilson Ophthalmic Corporation, a distributor of eye care specific pharmaceuticals and medical devices. He has also provided consultation services for numerous medical device companies.

**WILLIAM LOMICKA**  
**BOARD MEMBER**  
**CATS TONOMETER**

William Lomicka has more than four decades of healthcare financial management and venture capital experience. He has served as a director or senior leader for numerous U.S. healthcare companies, including health insurance, hospital management, medical device distribution, acute care hospitals, nursing and assisted living facilities, and healthcare technology firms.

As a senior vice president of finance for Humana Inc., Lomicka planned, developed, and implemented financial strategies generating revenue growth from \$145 million to \$3 billion.

Following Humana, he worked for a healthcare venture capital firm in New York City developing and managing healthcare investments. He also served as secretary of economic development for the Commonwealth of Kentucky and later formed a private venture capital investment firm in Louisville, KY.
